PERSONAL PROJECTS

OnClock (05/2021 - 05/2021)
- I used windows forms to develop an employee tracking timesheets application. The application can be used in user mode or in admin mode. In admin mode, the administrator can set one of the default gates through which the employee enters. In user mode, the employee can enter their ID number or name to identify themselves in the list of employees and register on arrival or departure.

ClubDeCarte (02/2021 - 04/2021)
- The application has been made for graduating the .NET Development program. BookClub is a place for book lovers, where they can write reviews for their favorite books and they can read reviews written by other users.
